The legs of the chairs are not attached to the floor, which allows you to easily move them without compromising the integrity of the structure and appearance. The frame of the chairs consists of side and central racks and ties, which allows you to assemble sections for the required number of seats. Racks and screeds are made of a steel pipe with a square section of 20x20 mm with a wall thickness of at least 1.2 mm. As standard, the frame of the chair is powder-coated in the color "Black velvet". For an additional fee, you can use paint of any color. The section includes three seats. The filling of the soft part of the chairs is high-density polyurethane foam. The back is attached to the frame using a screw connection, which facilitates and speeds up the process of assembling the hall. The cover is typically made of fabric from the "Aloha" series. Armchairs can be made with different types of upholstery - different types of artificial leather or fabric. In this case, the price of the chairs is calculated individually. Armrests in the chairs are not provided.

B.2. General

The supplies to be consigned are for use by the Contracting Authority in its programme country as listed in **A. Tender Information Table / Section 1.**

B.3. Cost of Tender

The tenderer shall bear all costs associated with the preparation and submission of his tender and the Contracting Authority will in no case be responsible or liable for these costs, regardless of the conduct or outcome of the tender process.

B.4. Questions, clarification of tender documents and additional information

Tenderers may submit questions in writing to the Contracting Authority as per instructions and deadlines listed in **A – Tender Information Table / Section 2.**

Any clarification of the Invitation to Tender documents given by the Contracting Authority will be submitted to all tenderers at the same time (and prospective tenderers) at the latest on the date specified in the time table in **A – Tender Information Table / Section 2.**

Tenderers are not allowed to approach the Contracting Authority for oral clarification. Any (prospective) tenderer seeking to arrange individual meetings during the tender period with either the Contracting Authority and/or associated organisation may be excluded from the tender procedure.

B.5. Planned time table

The Contracting Authority reserves the right to alter the dates and time, in which case all tenderers will be informed in writing and a new timetable will be provided.

The time table can be found in **A. Tender Information Table / Section 2.**

The hours in the time table are as per time-zone of the country where the Contracting Authority is located.

B.6. Language of Tenders

The tenders, all correspondence and documents related to the tender exchanged by the tenderer and the Contracting Authority must be written in Ukrainian and English languages. Supporting documents and printed literature furnished by the tenderer may be in local language.

B.7. Evaluation Process

Prior to the tenderer eligibility verification (as specified in **B.8 Exclusion from award of contracts & B.9 Eligibility Criteria imposed on the tenderer Eligibility Criteria**) and detailed evaluation (as specified in **B.10 Contract Award Criteria**) of the tenders, the procurement committee, (established by the Contracting Authority for the purposes of this tender procedure), shall ascertain whether the tenders;

- were submitted prior to tender submission deadline 15th of November 2024 15:00 (03:00PM);

- have been properly signed;
- have been submitted according to the submission procedure in A. Tender Information Table / Section 2;
- and are otherwise generally in order.

If a tender is not substantially responsive i.e. it contains more than irrelevant deviations from or reservations to the terms, conditions and specifications in the tender dossier, it shall not be considered further.

Then the procurement committee will examine the technical admissibility of each tender, classifying it as technically compliant or non-compliant.

Tenders determined to be substantially responsive and technically compliant will be checked by the procurement committee for any arithmetic errors. Where there is a discrepancy between the amounts in the figures and words, the amount in words will govern. Where there are discrepancies between the unit price and the line item total, derived from multiplying the unit rate by the quantity, the unit rate as quoted will govern. If a tenderer refuses to accept the correction, his tender will be rejected.

B.8. Exclusion from award of contracts

Tenderers are excluded if they are in one of the situations listed in article **16. of the Annex 1: General Terms & Conditions for Supply Contracts.**

Tenderers shall also comply with article **57. “Child Labour & Forced Labour”** and article **58. “Mines”** and article **59. “Anti-money laundering and combating the financing of terrorism”** and article **21. Corrupt practices of the General Terms and Conditions for Work Contracts.**

Tenderers are also excluded if any of the exclusion criteria here below applies to them:

- a) participation in a criminal organisation, as defined in Article 2 of Council Framework Decision 2008/841/JHA (1);
- b) corruption, as defined in Article 3 of the Convention on the fight against corruption involving officials of the European Communities or officials of Member States of the European Union (2) and Article 2(1) of Council Framework Decision 2003/568/JHA (3) as well as corruption as defined in the national law of the contracting authority or the economic operator;
- c) fraud within the meaning of Article 1 of the Convention on the protection of the European Communities' financial interests (4);
- d) terrorist offences or offences linked to terrorist activities, as defined in Articles 1 and 3 of Council Framework Decision 2002/475/JHA (5) respectively, or inciting or aiding or abetting or attempting to commit an offence, as referred to in Article 4 of that Framework Decision;
- e) money laundering or terrorist financing, as defined in Article 1 of Directive 2005/60/EC of the European Parliament and of the Council (6);
- f) child labour and other forms of trafficking in human beings as defined in Article 2 of Directive 2011/36/EU of the European Parliament and of the Council;
- g) Also a tenderer shall be excluded from participation in a procurement procedure where the contracting authority is aware that the tenderer is in breach of its obligations relating to the payment of taxes or social security contributions and where this has been established by a judicial or administrative decision having final and binding effect in accordance with the legal provisions of the country in which it is established or with those of the contracting authority.

Tenderers shall attest that they meet the above requirements. If required by the Contracting Authority, the Tenderer whose tender is accepted shall further provide evidence satisfactory to the Contracting Authority of its eligibility through certificates issued by competent authorities in its country of establishment or operation, or, if such certificates are not available, through a sworn statement.

If the tenderer was selected through prequalification, the tenderer must only declare that he still conforms with the eligibility and qualification (selection) criteria applied in the course of that prequalification.

Contracts may not be awarded to tenderers who:

- (a) are subject to conflict of interest
- (b) Are guilty of misrepresentation in supplying the information required as a condition of participation and eligibility in the tender procedure or fail to supply this information.
- (c) Perform, condone or tolerate corrupt, fraudulent, collusive or coercive practices, regardless of whether such practices can be attributed to this tender procedure;
- (d) Attempt to influence the evaluation committee in the process of examination, clarification, evaluation and comparison of tenders, to obtain information on how the procedure is progressing or to influence the Contracting Authority in its decision concerning the award of the contract.

B.9. Eligibility Criteria imposed on the tenderer

Tenderers will initially be verified for eligibility according to eligibility criteria in **A. Tender Information Table / Section 5**. The listed documents must be submitted with the bid.

Tenderers which do not fulfill the eligibility criteria and/or do not provide the required documents will not be qualified for the tender evaluation.

B.10. Contract Award Criteria

The tenders which have qualified the eligibility criteria will be evaluated according to the contract award criteria in **A. Tender Information Table / Section 6**.

B.11. Documents comprising the Tender:

The Tenderer shall complete and submit the following documents with its tender:

- a) Annex 1: Agreement #FCA22051_Frn_ASP for the Goods Supply.
- b) Annex 2: Technical data form.
- c) Annex 3: TENDER SUBMISSION FORM.
- d) Annex 2: Agreement with the HIA Code of Conduct.
- e) **Documentation regarding B.8 Exclusion from award of contracts**
- f) **Documentation regarding B.9 Eligibility Criteria imposed on the tenderer**
- g) **Documentation regarding B.10 Contract Award Criteria**
- h) all other relevant information that is required and that should be made known to the Contracting Authority

B.12. Price:

The price must be quoted in the currency as indicated in **A. Tender Information Table / Section 4**. The final total price must be quoted by the tenderer and it shall not be subject to adjustments on any account except as otherwise provided in the conditions of the contract.

The Price must include all costs related to the execution of the supplies and related services and no supplementary invoicing or other costs are accepted.

All items must be priced in UAH.

B.13. Validity period of the tenders

Tenders shall remain valid and open for acceptance for the period as indicated in **A. Tender Information Table / Section 4** after the Closing Date for the submission of tenders.

Prior to the expiry of the original tender validity period, the Contracting Authority may ask for objective reasons tenderers in writing to extend this period. Tenderers that agree to do so will not be permitted to modify their tenders. If they refuse, their participation in the tender procedure will be terminated.

B.14. Submission of tenders and Closing Date

Tenders must be submitted as indicated in **A. Tender Information Table / Section 2**.

No tender may be changed or withdrawn after the deadline has passed.

B.15. Tender opening session

Tender opening information is indicated in **A. Tender Information Table / Section 2**.

If the tenderers are invited to the tender opening session, tenderers are requested to contact the contact person, at least one day in advance of the tender opening if they will attend.

Tenderer's representatives who are present shall sign a register indicating their attendance.

At the tender opening, only the tenderers' names and the total amount of the tenders will be read aloud and recorded.

B.16. Award of Contract

The Contracting Authority will award the contract to the tenderer whose tender has been determined to be substantially responsive to the tender dossier and technically compliant, and who has received the highest scoring in the tender evaluation.

B.17. Signature of Contract

- a) The Contracting Authority will inform the successful tenderer(s) in writing that its tender has been accepted and inform the non-successful tenderers in writing about the result of the evaluation process.
- b) The Contracting Authority reserves the right to adjust the scope of procurement within a range of +/- 25% to remain within the available funds.

- c) Within 7 days of receipt of the contract already signed by the Contracting Authority, the successful tenderer must sign and date the contract and return it, to the Contracting Authority. On signing the contract, the successful tenderer will become the Contractor and the contract will enter into force. Contract, terms & conditions are sent in original hard copy or via email; and must be returned the same way.
- d) If the successful tenderer fails to sign and return the contract and within 7 days after receipt of the contract signed by the Contracting Authority, the Contracting Authority may consider the acceptance of the tender to be cancelled without prejudice to the Contracting Authority's claim compensation or pursue any other remedy in respect of such failure, and the successful tenderer will have no claim whatsoever on the Contracting Authority.

B.18. Cancellation for convenience

The Contracting authority may for its own convenience and without charge or liability cancel the tender process at any stage.

Annex 2: Technical data form

Tenderers are requested to complete the following template for each product that you are tendering.

The following technical specifications are provided in the format of a checklist. They are compulsory as a minimum standard and will be the only basis for the evaluators to assess the technical compliance of the equipment presented in the tenders. Deviations from the specifications may be considered only if deemed to be in the best interest of the contracting authority.

Manufacturers' names, catalogue numbers and model designations appearing in the list are for reference only. Tenders for other equipment that is equal in function, quality and performance to that listed will be given full consideration.

20	Product name:	Triple chair			
	Description/Specification:	Material of manufacture Upholstery fabric User characteristics Upholstery kan, vinyl Overall dimensions 1410×530×810 Chair weight 27.4 kg Frame Plywood, chipboard, pipe 20×20 mm Number of seats in the Duet section A section of three seats for an active hall can be used for conference halls, waiting areas and halls. The legs of the chairs are not attached to the floor, which allows you to easily move them without compromising the integrity of the structure and appearance. The frame of the chairs consists of side and central racks and ties, which allows you to assemble sections for the required number of seats. Racks and screeds are made of a steel pipe with a square section of 20x20 mm with a wall thickness of at least 1.2 mm. As standard, the frame of the chair is powder-coated in the color "Black velvet". For an additional fee, you can use paint of any color. The section includes three seats. The filling of the soft part of the chairs is high-density polyurethane foam. The back is attached to the frame using a screw connection, which facilitates and speeds up the process of assembling the hall. The cover is typically made of fabric from the "Aloba" series. Armchairs can be made with different types of upholstery - different types of artificial leather or fabric. In this case, the price of the chairs is calculated individually. Armrests in the chairs are not provided.	[INSERT]		[INSERT]

49	Product name:	Mobile modular table adjustable in height			
	Description/Specification:	Mobile modular table adjustable in height The table meets the requirements of DSTU GOST 22046:2004 "Furniture for educational institutions. Technical conditions". Geometry and dimensions - in accordance with DSTU prEN 1729-1:2004 "Furniture. Chairs and tables for educational institutions. Functional dimensions". Safety - in accordance with DSTU ENV 1729-2:2004 "Furniture. Chairs and tables for educational institutions. Safety requirements and test methods" Overall dimensions - 1155*520*H mm; The price is for 1 "Trapeze" table. The modular mobile table consists of a metal frame and a tabletop, which are connected to each other with a screw tie. The table frame is made of pipes 20x20x1.2; Ø27x1.2 and Ø22x1.2. Coating - spraying of wear-resistant powder paint in two colors (separately the top and bottom of the frame). Height adjustment is carried out with the help of telescopically connected pipes of different diameters, between which a plastic coupling is installed, and a special screw screed. Tables on two support legs have wheels, which allows you to easily move the tables in rooms and quickly assemble them in different combinations. Tabletops are made of multi-colored chipboard with a thickness of 16 mm, emission class E-1, and are covered with a PVC edge with a thickness of at least 2 mm. The table is adjustable from 2 to 6 height groups	[INSERT]		[INSERT]
